PROFILE

Highly motivated and detail-oriented Marketing professional with a strong foundation in data analytics and visualization. Holding a Master Grande École in Digital Marketing from IESEG (France), and earned A grades in Data visualization & Data science. Bringing both academic excellence and hands-on skills in Tableau, SQL, and Power BI. Familiar with HTML/CSS and WordPress, and driven by a curiosity for digital transformation, AI, and user experience, I am committed to adding value through cutting-edge business intelligence practices at your company.
